

MBCC 2025 Accepted Paper List

S.No.	Authors	Title
1	Anand Joshi	Wholeness and Intelligence: A Comparative Study of Bohmian Mechanics and J. Krishnamurti's Philosophy
2	Aparna Rajeev and Dr Gitanjali Natarajan	Psychological Flexibility in Indian Thought: Exploring Sthitaprajna, Triguna, and Anasakti in Young Adults
3	Arpit K Dubey and Jyoti	Nature of Chitta: A Descriptive Study with Special Reference to Rājamārtamḍa Vṛtti and Yogavārtika on Yoga Sutra of Patañjali
4	Banani Basistha, J. S. R. Prasad and Arif Ali	The Dynamics of Thought Transformation: A Cognitive Perspective on Kaikeyi's Decision-Making process in Ayodhya Kanda of Ramayana
5	Dr. Kangkan Bhuyan	Indian Knowledge Systems and the Spirit World: Rethinking Assamese Ghost Folklore through Indigenous Epistemology
6	Mandar Choudhari and Kanchan Taksale	Respecting Differences: Global Harmony Through India's Philosophy of Inclusion
7	Mouli Karmakar	Mental Health, Mental Illness and Happiness: A Yogic Perspective in Light of Patanjali Yoga Sutras
8	Neelam Kumari and Vivek Sharma	Antaḥkaraṇa in the Śrīmadbhagavadgītā : A Study of Arjuna's Thought Process
9	Prof. Sampadananda Mishra And Anusree S.L	Fetal Consciousness and Maternal Influence: A Comparative Study of the Garbhopenishad and Maternal-Fetal Attachment (MFA) Perspectives
10	Srivardan Balaji and Sohom Chakrabarty	A Novel Approach to the Study of Samkhya Karikas
11	Swami Vidyapradananda and Dr Richa Chopra	Mind and its transcendence to Superconsciousness: Role of Prāṇa
12	Vijaya Runchu Choudhary	Transcendental Consciousness: an Inquiry
13	Chitra Kashyap and Santosh Vishvakarma	A Correlational Study of Vedic Personality Types, Tridoshas, Mental Health And Resilience
14	Dr Deveshwari Raskar, Dr Swapnil Raskar and Dr. Shivam Joshi	Science of Consciousness: Vedic to Contemporary through Ayurveda – IKS
15	Dr.Krishna Rao Sathya, Indu Sabu and Mruthyumjaya Rao Meda	Gut-Brain Axis in Ayurveda: A Neurobiological Perspective on Manasika Roga and Mental Health
16	Dr.Priyal Patel, Dr.Swapnil Raskar and Dr.Riya Patel	AYURVEDA AND MENTAL HEALTH- A SYSTEMIC REVIEW STUDY
17	Indu Sabu, Krishna Rao, Mruthyumjaya Rao Meda and Pratibha P Nair	The Role of Prakriti in Mental Health: Understanding Psychological Resilience Through Ayurvedic Constitution

18	Megha Dua, Aruna Bhat, Nrapendra Kumar Arya and Ankush Mittal	Holistic Management of Stress and Anxiety: Tridosha-Specific Approach Based on Prakriti Parikshan in Ayurveda
19	Pragyananda Sahoo, Neel Mani, Shastri Nimmagadda and Amit Das	Marma Point Detection and Personalized Ayurvedic Diagnosis using Computer Vision
20	Priyanka Bhardwaj, Rakesh Sharma and Vijay Chaudhary	Manas Bhava and Diabetes Mellitus: Exploring the Psychological Influence on Disease
21	Sagar Sojitra and Satheesh Kottil	Digital Mental Health Interventions and Ayurveda: An Inclusive Approach
22	Saumya Subramanian, Vinod Mony and Sumathi Jayaraman	Bactericidal Potential of Traditional Herbal fire ceremony: A microbiological evaluation
23	Vd. Chinmayee Joshi, Vd. Kirti Joshi, Vd. Pravin Joshi and Vd. Vikrant Jadhav	A Narrative Review on classification of foodstuffs from (Brihatrayi), to study Body strengthening (Balya) and Body nourishing (brumhana) foods and recepies which can be used in diet of toddlers and children, alternative to dairy milk.
24	Dr Ankita Sharma and Dr Pallabi Mukherjee Mukherjee	Modern Management and leadership aspects from Indian Philosophy
25	Hari Krishna Padavala	INDIAN TRADITIONAL PHILOSOPHICAL ASPECTS OF ARCHITECTURE AND CIVIL ENGINEERING DURING THE GREAT KAKATIYA DYANASTY
26	Khushi Joshi and Priyaranjan Maral	The Neurobiology of Intuition: Examining Subconscious Decision-Making in Indian Spiritual Pratices
27	Kumar Utkarsh, Prateek Singh and Sohom Chakrabarty	Ahimsa as the Fundamental Yama and Its Enablers and Disablers in Contemporary Urban Setting
28	Ojas Shokeen, Ajay Chaturvedi and Anika Magan	Integrating Arudha's Concept of Vedic Astrology, Aura, and Vibrational Influence with Modern Psychology: A Holistic Approach to Understanding Personality
29	Prateek Singh, Kumar Utkarsh and Sohom Chakrabarty	Shaucha as the Fundamental Niyama and Its Enablers and Disablers in Contemporary Urban Setting
30	Prof.Dr. Santosh Rajguru	Wordsworth: An Eco-Hindu Poet : An IKS Approach
31	R Muraleedhara Kurup	STABILIZATION OF NATURE FROM CONSCIOUSNESS
32	Reshma N.S, Anu Singal, Sushma N.S, Himani Kotian, Vasudha K.G, Radhika K, Sharanya Shetty and Shyamasundaran K	Perceived Parenting Style and Self-Compassion in Emerging Adults: Psychological Insights and Indian Knowledge System Solutions
33	Shubham Kanungo and V G Sadh	"Exploring the efficacy of Bhagavad Gita -As it is in managing depression and anxiety in College Students: A Case Study"

34	Tulsee Giri Goswami	Indian Knowledge Systems (IKS) in Personality Assessment: A Culturally Rooted Approach to Identifying Personal Traits
35	Aarti Pathak	Autoethnographic Exploration of IKS and Mental Health in the Context of Grief and Trauma
36	Leena Dutta, Abhishek Ray and Prachet Bhuyan	Semantic Modelling and Knowledge Representation in Early Childhood Parenting: A State-of-the-art Review
37	Richa Chopra, Deepak Khurana, Raghava Krishna, Ishaan Sinha	Can the Upanishadic Rsis be Navigators in Achieving NEP 2020's Vision on Realization and Liberation of the Self?
38	Nirbhay Trigun, Dr. Anjuli Jain	Theatrical Techniques in Leadership Training: Enhancing Communication and Creativity in Corporate Teams
39	Simran Shankar, Somya Singh and Dr Sanchi Agarwal	Electroconvulsive Therapy in Children and Adolescents: A Comprehensive Review of Efficacy, Safety, and Ethical Considerations
40	Ankush Arya, Shrinithi Sriram, Shamak Chouhan Ghantoo, Nitin Rao, Ankit Singh, Varun Dutt and Shubhajit Roy Chowdhury	Cognitive Enhancement through Anodal tDCS to the Left dlPFC: An EEG-Based Performance Assessment Study
41	Ashfaq Ahmad Dangroo and Ravindra Singh	Behaviour Issues Among Children with Neurodevelopmental Dis-order Followed COVID-19
42	Damiseti Geeta Prem Chandoo, C M Markan, Sona Ahuja and Manjari Tripathi	Neural Correlates of Meditation: An MEG Study with Phenomenological Insights
43	Dharma Thobhani and Ramajayam Govindaraj	Nasal Cycle: A Spiritual and Scientific review
44	Divya Pandey, Kamal Arya and Shanta Pandian	Effect of Mirror Therapy on Cognitive and Motor deficits in Stroke
45	Hrishikesh Tiwary and Arnav Bhavsar	Attention-based Metric Learning Framework for Seizure Detection in EEG Recordings
46	Kratika Verma, Trupti Patel, Kaustav Chatterjee, Tiasa Raha and Sounak Basak	Synergetic effect of intermittent fasting and phytochemicals in Alzheimer's disease management- An in-silico analysis
47	Simi V.R., Justin Joseph, Vipin Venugopal and Rashmi K.M.	Kurtosis of One Dimensional Local Binary Pattern of Electroencephalogram – A Schizophrenia Biomarker
48	Divyansh Pandey and Arnav Bhavsar	Yoga for Digital Detox: Reducing Nomophobia Among Adolescents and Young Adults Through Yoga-Based Intervention
49	Manish Sharma, Pushkar Srivastava, Parveen Kumar,	Non-linear EEG Marker of Mind Wandering During Mantra Meditation among Novice Meditators

	Jyotiranjana Beuria and Laxmidhar Behera	
50	Naumithaa Reddy Vanimireddy, Sai Manikanta Bollam, Akshita K, Sandhya Banda, Mukesh Narmetta, Visalakshi Talakokula, Sri Kalyana Rama Jyosyula and Kondaiah P	Why meditate? A comparison of experts' vs novices' meditators through an EEG study
51	Parveen Kumar, Prerna Singh, Lokeswara Kumar Vijanapalli, Jyotiranjana Beuria and Lalan Kumar	A Case Study on Yogic Perception: Insights From EEG Data Analysis
52	Rajeev Gupta, Pawan Gupta and Rajeev Gupta	Mind and Neurolinguistic Programming (NLP) in Controlling Obesity and Weight Management
53	Ramajayam Govindaraj, Praerna Chowdhury, Archana Khatreja, Shekhar Sinha, Amrutha Kondi and Shaktija Mishra	Effect of Raja yoga-based distance healing on hospital based clinical outcomes among paediatric inpatients – A pilot study
54	Ramajayam Govindaraj, Praerna Chowdhury, Sheetal Bharti, Arun Sasidharan, Ravindra Nagendra and Bindu Kutty	Yogic Consciousness and Mental Health: A conceptual Framework from Patanjali Yoga Sutras
55	Satyam Tiwari, Neha Bhargava and Arnav Bhavsar	Effects of Mindful Unilateral Nostril Breathing on Cognitive Performance: A Pilot Study
56	Shaktija Mishra, Praerna Chowdhury, Ramajayam Govindaraj, Deepshik Sharma, Sourabh Suman, Arun Sasidharan, Ravindra Pn and Bindu M Kutty	Mind wandering is qualitatively different in meditators: an experience sampling method-based study
57	Shivya Sharma and Amrendra Singh	Effects of brief Guided Mindfulness Meditation on resting state brain networks: An fMRI study
58	Swathy Soman G and Jithesh M	Add on effect of Hypnotherapy in Diabetes Distress – A Case Series
59	Astha Kumari and Sachin Yadav	Multiuser asymmetric medical data encryption-cum-authentication algorithm based on polar decomposition in fractional Fourier domain

60	Fauzia Yasmeen, Soinik Ghosh, Puneet Jangra, Neeraj Sharma and Shiru Sharma	ME-GSE: An end-to-end classification of Motor imagery Electroencephalogram signals using Graph-based Spectral Embedding
61	Hitakshi Gupta, Ridhima Chauhan, Milloni Bhuvra and Dr. Heenakshi Bhansali	Advancements in brain scanning techniques for Alzheimer's Disease: A Systematic Literature Review
62	Kulbhushan Chand, Arun Khosla and Varun Dutt	Towards Affordable Biofeedback System for Mental Relaxation
63	Mukul Saxena, Dr. Ram Singh Kushwaha, Rishabh Giri, Aditya Kumar, Utkarsh Pratap Singh, Swati Singh, Pushpendra Singh and Anirban Bandyopadhyay	AI enabled EEG Analysis for detection of Neurodegenerative Disorders
64	Navdha Bhardwaj, Deepshik Sharma and Arnav Bhavsar	Remote Photoplethysmography: Techniques, Limitations, and Future Directions
65	Pradyot Anand, Anant Jain, Suriya Prakash Muthukrishnan, Shubhendu Bhasin, Sitikantha Roy and Lalan Kumar	EEG-based 90-Degree Turn Intention Detection for Brain- Computer Interface
66	Silpa S, Shashikanta Tarai and Arindam Bit	Impact of Emotion on the Analytical Ability of the Human Brain – An EEG Study
67	Soinik Ghosh, Fauzia Yasmeeen, Shiru Sharma and Neeraj Sharma	Decoding the Neural Dynamics of Motor Imagery and Execution: An EEG-Based Investigation into Conscious Hand Movement Representation
68	Susmita Das, Sparsho Chakraborty, Sayantan Maitra, Md Avaish Siddiqui, Mohammad Alamgir and Rahul Raj	Design of an EMG and EEG-based Bionic Hand using Haptic Sensation and Thermal Feedback
69	Ashok Kumar Mukhopadhyay	Consciousness in Science: The Present and the Future
70	Gaurav Kumar, Khushi Kumari, Neel Mani, Azad Singh, Rishabh Mandal, Santoshi Sahu and Dhruv Kumar	AI Tongue Diagnosis: Expert System with LLMs for Abdominal Disease Detection through Mobile App
71	Gyan Singh, Vibhu Gupta and Rohit Saluja	CLEAR - Comparing LLM and Empirical Approaches to Reworking Proverbs
72	Jessica Kaluiji, Shivani Chauhan, Arvind	Can AI and IoT-Integrated Mobile Health Apps Effectively Improve Cognitive Health and Caregiver Support for Dementia?

	Sharma and Savita Wadhawan	
73	Kshipra Moghe and Saniya Atalatti	AI-Powered Strategies to Mitigate Cognitive Dissonance: Enhancing Emotional Well-Being and Critical Thinking on Social Media
74	Kshipra Moghe, Kajal Raut and Saniya Atalatti	Person Perception: Unveiling Confidence in Judgment
75	Radhika Grover, Manikandan Ravikiran, Tarun Sharma and Rohit Saluja	Can LLMs Guess Like Humans? Evaluating Inferential Reasoning Under Ambiguity
76	Rajat Verma, Nandan Paralikar, Manikandan Ravikiran, Rohit Saluja and Ganesh Ramakrishnan	Assessing Metacognitive Ability of LLMs using a Language-unaware Sandhi-splitting Paradigm
77	Sania Verma and Hardik Chadda	The Unfinished Race: Bridging the Gap Between AI Vision Models and Human Motion Perception
78	Shikhar Dubey, Praveen Tiwari, Manikandan Ravikiran and Rohit Saluja	FOCUS - Facilitating low-resolution OCR Confirmation with Unsupervised Systems
79	Tarun Sharma, Ankit Maurya and Rohit Saluja	Can Large Language Models Truly Understand Human Language Learning Challenges?
80	Upasana Kumari, Shipra Krishna, Mohd Areeb, Kshatrapal Singh, Vijay Shukla and Dhiraj Gupta	An Advanced Approach for Image Captioning using Artificial intelligence: A Novel Approach
81	Vriti Sharma, Rajat Verma, Manikandan Ravikiran and Rohit Saluja	EAGER: An Exploratory Analysis of LLMs in GuEssing bilingual woRd translation
82	Akila Rani M, Tamilselvi D, Kavya K, Deepti B and Kayalvizhi G	Picto Talkzz: Enhancing Early Childhood Cognitive Skills Using an AR-Based App
83	Kavan Ganapathy K P	The Intention Vs Attention game Illuminating the Dynamics of Consciousness through GCP Replication, Remote Viewing, and the Bengston Method of Healing
84	Subhankar Nayak	Assessing Social Desirability Bias in Decision-Making: Insights from Classic and Contemporary Approaches
85	Suman Dhaka	Sleep and Cognitive Control: Unveiling the Neural Mechanisms of Emotion Regulation and Response Inhibition Using EEG and PSG
86	Vaishnavi Donikar and Rajlakshmi Guha	Eye-Metrices in Rorschach Inkblot Test

87	Amrutha Ramamurthy Kondi and Ramajayam Govindaraj	Nādānusandhāna: A Conceptual Overview and Review of Experimental Studies
88	Priyankari Priyankari and Arnav Bhavsar	Nādānveṣaṇa: A Multiscale Exploration of Acoustic Cues in Indian Traditional Music, Their Neuro-biophysical and Cognitive Impacts
89	Rajeswari C N, Dr. Pranawa Deshmukh, Dr. Sharan Srinivasan and Prathiba Sharan	Sanative Concomitants of Bharatiya Sangeet
90	Dhanunjay Reddy Srikireddy and Tharun Kumar Reddy Bollu	Music Therapy based Stress Prediction using Homological Feature Analysis on EEG Signals
91	Dr. Satarupa Deka and Dr. Priyanka Tiwari	ROLE OF LEARNING INDIAN CLASSICAL MUSIC ON LEVELS OF FLOURISHING AMONG INDIAN YOUNG ADULTS
92	Rahul Kumar Rai, Reshu Bansal and Shashi Shekhar Jha	RituScape: Automatic Season-Based Virtual Environment Generation from Indian Classical Ragas
93	Uma Ranjan and Ravikiran Narasimhan	Musopathy Pronal Tonation Increases SPO2: Pilot and Simulation Studies
94	Manoranjana Manoranjana and Lalit Saraswat	Consciousness: an emergent property of the brain or a fundamental property of the missing evolved atom?
95	Shri Lal Raghudev Ram Singh and Sohom Chakrabarty	Local Percept-Perceiver Phenomenon for the Study of Consciousness in Cognitive Neuroscience and Its Vedantic Extension
96	Anil Patnaik and Devesh Sharma	Perception of Reality and Illusion – An Information-Based Theoretic Model
97	Rajat Vashistha, Soumen Ghosh and Viktor Vegh	EAR-FMT: Emotional Attributes of Ragas (Indian classical music) using Foundation Models for guided Therapies
98	Pushpendra Singh, Teena Singh, Mukul Saxena and Anirban Bandyopadhyay	Nano-Sensory Probe for Enhanced Detection of Weak Brain Signals: A Theoretical Perspective
99	Sivert Berg Knudsen and Marta Molinas	Exploring Global Alpha Oscillations as a Marker of Attentional Direction in Mind-Wandering States
100	Shastri Nimmagadda, Eric Brymer and Ali Reza Alaei	Development of Entity-Relationships (ER) Guided Green Information System Articulations for Modelling Total Environment Psychology Ecosystem – Managing Human Cognitive Health
101	Pinky Arya and Frederick L Coolidge	The Regulation of Emotions in Autobiographical Memory as a Function of Perspective Shifts
102	Kuruseti Vinay Gupta, Kuseti Nehra Sai Surya, Jyotiranjana Beuria and Laxmidhar Behera	Cubical Complex-Based Topological Signatures in EEG Spectrograms for Reflective States
103	Ankita Garg, Arun Sasidharan, Laxmidhar Behera and Varun Dutt	Meditation-Based Cognitive Therapy: A Study on EEG Band Power and Sleep Quality Improvement in University Students with Insomnia

104	Annie Kachchap, Dr Prabhat Upadhyay and Dr Anjana Dwivedi	Study of Short-term effect of Hakini Mudra on Cardiac Coherence, HRV indices and EEG spectral bands
105	Vishal Dwivedi and Anukul Goswami	Therapeutic Application of Naad in Refractory Clinical Conditions
106	Sanjram Premjit Khangnaba, Yogesh Kumar Shivhare, Anantha Ubaradka and Manish S	Auditory Perception-Action Coupling is Sensitive to Tone Frequency at the Peri-Second Range: Evidence from the Subjective Translation Index
107	Mayank Roy Chowdhury and Sudarshana Deepa Vijaykumar	Uncovering Potential Leads from Bacopa monnieri: An Ayurveda-Inspired Systems Biology Approach to Target Differentially Expressed Genes in Alzheimer's Disease
108	Shalini Rai and Vijay Kumar Rai	Ayurveda and Mental Health: A Holistic Approach in Integrating Traditional and Modern Therapies
